# United States

## 2000 Demographic Information

### 2000 Population Information

Population.....	281,421,906
Percent White .....	75.1%
Percent American Indian .....	0.9%
Percent Age 65 or Over.....	12.4%
Percent Age 4 or Under .....	6.8%

### Socioeconomic Indicators

Population Under 100% of Poverty .....	33,899,812
Percent of the Population .....	12.4%
Population Under 200% of Poverty .....	81,194,609
Percent of the Population .....	29.6%

## 2002 Health Status Indicators<sup>1</sup>

### Nativity

Percent Low Birth Weight Infants .....	7.8%
Percent of Mothers Receiving Care in 1st Trimester.....	83.7%
Percent of Mothers Who Used Tobacco While Pregnant <sup>2</sup> .....	11.4%
Percent of Mothers Who Consumed Alcohol While Pregnant <sup>2</sup> .....	0.8%
Fertility Rate <sup>3</sup> .....	64.8
Teenage Pregnancy Rate <sup>4</sup> .....	53.5

### Mortality<sup>5</sup>

ALL CAUSES.....	847.3
Heart Disease.....	241.7
Acute Myocardial Infarction .....	62.3
Heart Failure.....	19.6
Atherosclerotic Cardiovascular Disease .....	23.6
Malignant Neoplasms (cancer) .....	193.2
Trachea, Bronchus, & Lung .....	54.7
Colon, Rectum, & Anus .....	19.7
Female Breast.....	28.3
Prostate.....	21.5
Pancreas.....	10.5
Leukemia .....	7.5
Non-Hodgkin's Lymphoma.....	7.6
Cerebrovascular Disease .....	56.4
Accidents.....	37.0
Motor Vehicle Accidents.....	15.7
Chronic Lower Respiratory Diseases .....	43.3
Influenza & Pneumonia.....	22.8
Diabetes Mellitus.....	25.4
Alzheimer's Disease .....	20.4
Nephritis, Nephrotic Syndrome, & Nephrosis .....	14.2
Intentional Self-Harm (suicide).....	11.0
Infant Mortality .....	7.0

#### Notes:

1 Only one year of U.S. data are given to compare with five years of state and county data because the numbers on the national level are much greater and do not fluctuate as much annually.

2 Data for mothers who used tobacco or consumed alcohol while pregnant are self-reported.

3 The fertility rate is all births per 1,000 women age 15-44.

4 Teenage pregnancy rate is the live births, fetal deaths and abortion for females age 15-17 per 1,000 females in that age group. The U.S. teenage pregnancy rate is from 2000.

5 The mortality rates, except infant mortality and fetal deaths are age-adjusted death rates per 100,000 population. Age-adjusting to the standard million population eliminates differences between populations, making them easier to compare. Infant mortality is calculated as the number of infant (less than one year old) deaths per 1,000 live births. The fetal death rate is the number of fetal deaths per 1,000 live births and fetal deaths combined.

# South Dakota

## Demographic Information

## 2000 Population Information

Population .....	754,844
Percent White .....	88.7%
Percent American Indian .....	9.0%
Percent Age 65 or Over .....	14.3%
Percent Age 4 or Under .....	6.8%

## Socioeconomic Indicators

Population Under 100% of Poverty .....	95,900
Percent of the Population .....	13.2%
Population Under 200% of Poverty .....	240,886
Percent of the Population .....	33.1%

<sup>1</sup>All rates based on population are calculated according to the 2000 U.S. Census.

<sup>2</sup>Data for mothers who used tobacco or consumed alcohol while pregnant are self-reported.

<sup>3</sup>Fertility rate is all births per 1,000 women age 15-44.

<sup>4</sup>Teenage pregnancy rate is the live births, fetal deaths and abortion for females age 15-17 per 1,000 females in that age group.

See Technical Notes for more information.

## Health Status Indicators<sup>1</sup> 1999-2003

### Natality

●Percent Low Birth Weight Infants .....	6.5%
○Percent of Mothers Receiving Care in 1st Trimester .....	79.2%
○Percent of Mothers Who Used Tobacco While Pregnant <sup>2</sup> .....	19.7%
○Percent of Mothers Who Consumed Alcohol While Pregnant <sup>2</sup> .....	2.3%
○Fertility Rate <sup>3</sup> .....	67.2
●Teenage Pregnancy Rate <sup>4</sup> .....	20.7

### Mortality<sup>5</sup>

●ALL CAUSES .....	794.6
●Heart Disease .....	223.0
○Acute Myocardial Infarction .....	81.0
○Heart Failure .....	22.2
●Atherosclerotic Cardiovascular Disease .....	13.7
Malignant Neoplasms (cancer) .....	192.5
●Trachea, Bronchus, & Lung .....	49.4
○Colon, Rectum, & Anus .....	21.4
●Female Breast .....	24.5
○Prostate .....	32.0
Pancreas .....	11.0
○Leukemia .....	8.5
○Non-Hodgkin's Lymphoma .....	9.0
Cerebrovascular Disease .....	56.3
○Accidents .....	44.6
○Motor Vehicle Accidents .....	24.4
Chronic Lower Respiratory Diseases .....	42.4
Influenza & Pneumonia .....	23.7
●Diabetes Mellitus .....	22.9
●Alzheimer's Disease .....	17.4
Nephritis, Nephrotic Syndrome, & Nephrosis .....	13.0
○Intentional Self-Harm (suicide) .....	13.4
Infant Mortality .....	7.0

●Denotes a health status indicator which is significantly better than the national average.

○Denotes a health status indicator which is significantly worse than the national average.

LNE (Low Number of Events): is used because the rate or percent may be unreliable.

<sup>5</sup>All mortality rates except infant mortality and fetal deaths are age adjusted death rates per 100,000 population. Infant mortality is the number of infant (less than one year) deaths per 1,000 live births. Fetal death rate is the number of fetal deaths per 1,000 live births and fetal deaths combined.

## Health Care Resources

### Primary Care

Physicians <sup>6</sup> .....	519.70 FTE
PA/NP/CNM <sup>7</sup> .....	225.10 FTE
Federally Qualified Health Care Centers <sup>8</sup> .....	26
Rural Health Clinics <sup>9</sup> .....	54
Community Health Services Offices .....	63
Public Health Alliance <sup>10</sup> .....	12
Children's Special Health Services <sup>11</sup> .....	4
Family Planning Service Sites .....	18
Disease Intervention Offices <sup>12</sup> .....	6
WIC <sup>13</sup> Only Sites .....	21
Bright Start Home Visits Program <sup>14</sup> .....	2

### Hospitals

Hospitals .....	15
Critical Access Hospitals <sup>15</sup> .....	33
Specialized Hospitals <sup>16</sup> .....	14
Veterans Administration Hospitals .....	3
Indian Health Service Hospitals .....	5

### Long-Term Care

Nursing Facilities .....	113
Assisted Living Centers .....	157
Residential Living Centers .....	64
Home Health Agencies .....	61
Medicare Certified Hospices .....	24
Licensed Inpatient Hospices .....	3

<sup>6</sup>Includes Family Practice, Internal Medicine, Pediatrics, Obstetrics/Gynecology and General Practice.

<sup>7</sup>Physician Assistant/Nurse Practitioner/Certified Nurse Midwife.

<sup>8</sup>Provide comprehensive primary care to anyone, regardless of ability to pay or to those at 200% of the poverty level on a sliding fee scale.

<sup>9</sup>RHCs receive increased Medicare and Medicaid reimbursement to help ensure the provision of primary care services to rural and underserved areas.

<sup>10</sup>A partnership of the local county government, local health care providers and the South Dakota Department of Health which delivers community health services.

<sup>11</sup>CSHS provides diagnostic, consultative and care coordination services for children with special health care needs.

<sup>12</sup>DIS coordinate infectious disease prevention and control programs.

<sup>13</sup>Supplemental Nutrition Program for Women, Infants and Children.

<sup>14</sup>Bright Start nurses provide home visits to expectant and new moms to help them improve their own and their babies' health and to be good parents.

<sup>15</sup>A rural hospital designated as a critical access hospital (CAH) is eligible for higher reimbursement when services are provided to Medicare patients.

<sup>16</sup>Specialized hospitals do not provide all the services required to qualify as a general hospital, such as, surgical, obstetrical and emergency services.

# Aurora County

## Demographic Information

Aurora County is located in the south central portion of the state and averages 4.3 persons per square mile.

## 2000 Population Information

Population .....	3,058
Percent White .....	95.7%
Percent American Indian .....	2.1%
Percent Age 65 or Over .....	21.6%

<sup>6</sup>Includes Family Practice, Internal Medicine, Pediatrics, Obstetrics/Gynecology and General Practice.

<sup>7</sup>Physician Assistant/Nurse Practitioner/Certified Nurse Midwife.

<sup>9</sup>RHCs receive increased Medicare and Medicaid reimbursement to help ensure the provision of primary care services to rural and underserved areas.

<sup>13</sup>Supplemental Nutrition Program for Women, Infants and Children.

<sup>17</sup>Swing beds are hospital beds that can be used for acute care or nursing home care.

# Brown County

## Demographic Information

Brown County is located on the North Dakota border in the eastern part of the state and averages 20.7 persons per square mile.

## 2000 Population Information

Population .....	35,460
Percent White .....	95.5%
Percent American Indian .....	3.3%
Percent Age 65 or Over .....	16.2%
Percent Age 4 or Under .....	6.4%

## Socioeconomic Indicators

Population Under 100% of Poverty .....	3,373
Percent of the Population .....	9.9%
Population Under 200% of Poverty .....	10,334
Percent of the Population .....	30.4%

<sup>1</sup>All rates based on population are calculated according to the 2000 U.S. Census.

<sup>2</sup>Data for mothers who used tobacco or consumed alcohol while pregnant are self-reported.

<sup>3</sup>Fertility rate is all births per 1,000 women age 15-44.

<sup>4</sup>Teenage pregnancy rate is the live births, fetal deaths and abortion for females age 15-17 per 1,000 females in that age group.

<sup>5</sup>All mortality rates except infant mortality and fetal deaths are age adjusted death rates per 100,000 population. Infant mortality is the number of infant (less than one year) deaths per 1,000 live births. Fetal death rate is the number of fetal deaths per 1,000 live births and fetal deaths combined.

## Health Status Indicators<sup>1</sup> 1999-2003

### Natality

Percent Low Birth Weight Infants.....	4.9%
Percent of Mothers Receiving Care in 1st Trimester.....	83.1%
Percent of Mothers Who Used Tobacco While Pregnant <sup>2</sup> .....	19.3%
Percent of Mothers Who Consumed Alcohol While Pregnant <sup>2</sup> .....	1.2%
●Fertility Rate <sup>3</sup> .....	59.7
Teenage Pregnancy Rate <sup>4</sup> .....	16.4

### Mortality<sup>5</sup>

ALL CAUSES.....	767.4
Heart Disease .....	190.0
○Acute Myocardial Infarction.....	115.7
Heart Failure .....	21.0
Atherosclerotic Cardiovascular Disease.....	12.7
Malignant Neoplasms (cancer).....	189.5
Trachea, Bronchus, & Lung.....	48.3
Colon, Rectum, & Anus.....	27.0
Female Breast .....	25.7
Prostate .....	50.6
Pancreas .....	LNE
Leukemia .....	5.9
Non-Hodgkin's Lymphoma .....	LNE
Cerebrovascular Disease .....	77.1
Accidents.....	48.3
Motor Vehicle Accidents .....	24.7
Chronic Lower Respiratory Diseases .....	32.2
Influenza & Pneumonia.....	24.5
Diabetes Mellitus.....	20.5
Alzheimer's Disease.....	14.8
Nephritis, Nephrotic Syndrome, & Nephrosis.....	14.6
Intentional Self-Harm (suicide).....	LNE
Infant Mortality .....	14.6

●Denotes a health status indicator which is significantly better than the state average.

○Denotes a health status indicator which is significantly worse than the state average.

LNE (Low Number of Events): is used because the rate or percent may be unreliable.

<sup>5</sup>All mortality rates except infant mortality and fetal deaths are age adjusted death rates per 100,000 population. Infant mortality is the number of infant (less than one year) deaths per 1,000 live births. Fetal death rate is the number of fetal deaths per 1,000 live births and fetal deaths combined.

## Health Care Resources

### Primary Care

Physicians <sup>6</sup> .....	1.90 FTE
PA/NP/CNM <sup>7</sup> .....	0.00 FTE

### Rural Health Clinic<sup>9</sup>

Revilla Clinic/Avera Health, Revilla

**Community Health Services, WIC<sup>13</sup> & Family Planning:** Grant County Courthouse, Milbank

### Hospitals

#### Critical Access Hospital<sup>15</sup>

Milbank Area Hospital/Avera Health, Milbank ..... 25 beds/10 swing<sup>17</sup>

### Long-Term Care

#### Nursing Facilities:

Beverly Healthcare, Milbank ..... 81 beds  
St. Williams Home for the Aged, Milbank ..... 60 beds

#### Assisted Living Centers:

Angela Hall ALC, Milbank..... 22 beds  
Beverly Healthcare-Park Place, Milbank..... 36 beds

#### Residential Living Centers:

Rita's Home Care, Milbank ..... 12 beds  
Snell's Residential Adult Care, Milbank ..... 12 beds

#### Home Health Agencies:

Milbank Area Home Health, Milbank

#### Medicare Certified Hospices:

St. Bernard's Valley Hospice, Milbank

<sup>6</sup>Includes Family Practice, Internal Medicine, Pediatrics, Obstetrics/Gynecology and General Practice.

<sup>7</sup>Physician Assistant/Nurse Practitioner/Certified Nurse Midwife.

<sup>9</sup>RHCs receive increased Medicare and Medicaid reimbursement to help ensure the provision of primary care services to rural and underserved areas.

<sup>13</sup>Supplemental Nutrition Program for Women, Infants and Children.

<sup>15</sup>A rural hospital designated as a critical access hospital (CAH) is eligible for higher reimbursement when services are provided to Medicare patients.

<sup>17</sup>Swing beds are hospital beds that can be used for acute care or nursing home care.

# Gregory County

## Demographic Information

Gregory County borders the west bank of the Missouri River and the state of Nebraska and averages 4.7 persons per square mile.

## 2000 Population Information

Population .....	4,792
Percent White .....	93.2%
Percent American Indian .....	6.2%
Percent Age 65 or Over .....	24.8%
Percent Age 4 or Under .....	4.9%

## Socioeconomic Indicators

Population Under 100% of Poverty .....	942
Percent of the Population .....	20.1%
Population Under 200% of Poverty .....	2,206
Percent of the Population .....	47.0%

<sup>1</sup>All rates based on population are calculated according to the 2000 U.S. Census.

<sup>2</sup>Data for mothers who used tobacco or consumed alcohol while pregnant are self-reported.

<sup>3</sup>Fertility rate is all births per 1,000 women age 15-44.

<sup>4</sup>Teenage pregnancy rate is the live births, fetal deaths and abortion for females age 15-17 per 1,000 females in that age group.

<sup>5</sup>All mortality rates except infant mortality and fetal deaths are age adjusted death rates per 100,000 population. Infant mortality is the number of infant (less than one year) deaths per 1,000 live births. Fetal death rate is the number of fetal deaths per 1,000 live births and fetal deaths combined.

# Hughes County

## Demographic Information

Hughes County is located in the center of the state and averages 22.2 persons per square mile.

## 2000 Population Information

Population .....	16,481
Percent White .....	88.9%
Percent American Indian .....	9.9%
Percent Age 65 or Over .....	13.7%
Percent Age 4 or Under .....	6.6%

## Socioeconomic Indicators

Population Under 100% of Poverty .....	1,255
Percent of the Population .....	8.0%
Population Under 200% of Poverty .....	3,451
Percent of the Population .....	22.0%

<sup>1</sup>All rates based on population are calculated according to the 2000 U.S. Census.

<sup>2</sup>Data for mothers who used tobacco or consumed alcohol while pregnant are self-reported.

<sup>3</sup>Fertility rate is all births per 1,000 women age 15-44.

<sup>4</sup>Teenage pregnancy rate is the live births, fetal deaths and abortion for females age 15-17 per 1,000 females in that age group.

<sup>5</sup>All mortality rates except infant mortality and fetal deaths are age adjusted death rates per 100,000 population. Infant mortality is the number of infant (less than one year) deaths per 1,000 live births. Fetal death rate is the number of fetal deaths per 1,000 live births and fetal deaths combined.
